Dear Mr. Brown:

I wish to acknowledge your most recent FAX dated May 5th, 1994 concerning environmental sensitivities. It is unfortunate that you feel that this Government is unconcerned about the treatment of persons suffering from environmental sensitivites.

Since my last letter to you dated May 2nd you will be aware that the Minister of Health, the Honourable Ruth Grier, made a significant announcement concerning funding for an environmental illness research and clinical program to be located at Women's College Hospital in Toronto. This is the first project of this kind in Canada and the Government of Ontario is proud to take the lead in dealing with the problems experienced by persons suffering from environmental sensitivities.

For your information I am enclosing a copy of the announcement made by the Minister of Health.

Sincerely,

Bob Mackenzie
